S I R:

Transmitted herewith is a Request for a Certificate of Correction for above-identified U.S. Patent. Patentee respectfully requests the approval of the attached Certificate of Correction which will bring the above-identified patent into conformity with the patent as the Examiner and Patentee intended that the patent would issue.

Upon reviewing the Letter's patent, patentee noted that the data of the German priority application was omitted from the Letters Patent.

Docket No.: PFANNSCHMIDT
Patent No.: 7,555,988
Issued: July 7, 2009

Applicant respectfully requests that the priority data be added into the Letters Patent as follows.

On the cover page, after "(65) Prior Publication Data" insert

-- (30) Foreign Application Priority Data

January 15, 2003 (DE) 103 01 276 --.

A review of the file wrapper confirms that the error was made in the printing of the patent since the priority of German patent application No. 103 01 276.1 was duly claimed in the declaration as signed by the inventor and in the application data sheet.

Since this error for which a Certificate of Correction is sought is a result of a Patent and Trademark Office mistake, no fee is due (35 U.S.C. §254).

Respectfully submitted,

By:
